Las Vegas, NV Labor Guidelines

For Exhibits, Exhibitions, Displays and Trade Shows, Public & Private

To simplify show preparation, we are certain you will appreciate knowing in advance that labor will be required for certain aspects of your exhibit handling. To help you understand the show site work rules, we ask that you read the following:

Booth Labor

Union personnel has jurisdiction for the erection, dismantling, touch-up painting, and repairs to all exhibits, unless this work is performed by a full-time employee of the exhibiting company. If full-time company personnel are utilized to set an exhibit, they should carry positive company identification such as a business card, medical identification card or payroll stub. Union personnel may be hired through the General Contractor.

Freight

Union personnel are also responsible for freight handling, which includes loading and unloading of all trucks, handling of all machinery (unloading, uncrating, unskidding, leveling, etc., and the reverse process).

An exhibitor may “hand-carry” material provided they do not use material handling equipment to assist them. When exhibitors choose to “hand-carry” material, they may not be permitted access to the loading dock/freight door areas except if there are specifically designated areas.

Rigging

Union personnel handle programmable theatrical lighting, productions, related rigging and audio visual. Suspended trusses, with or without legs, that contain dimmable or programmable lighting, studio or motion picture lighting, sound system projectors, video walls, special effects equipment, and laser lighting are to be installed and removed by Union personnel.

Regarding hanging signs, please note that if it is not electrical (handled by the electricians), in Las Vegas, the General Contractor will assemble, supervise, install and remove all hanging signs.

Electrical

Venetian Event Service Electrical handles all electrical wiring under flooring, overhead lighting (including coaxial/fiber optics), motor/equipment hookups, and installation of electrical signs. Two electricians are required for specific tasks, including installing monitors over 37" and fishing cords under carpets. If labor is scheduled and the electrician cannot begin work, a 1-hour "not ready" charge per worker may apply. All electrical equipment and materials (extension cords, etc.) must meet safety standards, and any non-compliant lighting (e.g., certain halogens) will be removed.

Safety

Standing on chairs, tables, or other rental furniture is prohibited. This furniture is not engineered to support your standing weight. T3 Expo cannot be responsible for injuries or falls caused by the improper use of this furniture. If assistance is required in assembling your booth, labor can be ordered through T3 Expo by returning the Display Labor order form in this Exhibitor Service Kit in advance, or returning it on show site to T3 Expo's Service Desk.

Tipping

T3 Expo requests that exhibitors do not tip our employees. They are paid at an excellent wage scale denoting a professional status and we feel that tipping is not necessary; this applies to all employees. Any request for tipping should be brought to the attention of a T3 Expo representative at the Service Desk.
