HumanX 2025 Exhibitor Guidelines

In addition to the [Exhibitor Rules & Regulations](#), all exhibitors must also abide by the below guidelines

Age Restriction

All exhibitor personnel entering the show floor must be 18 years of age or older. No one under the age of 18 years old will be allowed on the show floor at any time including move-in, show days and move-out. For all night events held at HumanX all must be 21 years old to attend.

Balloons

At no time are exhibitors allowed to bring helium balloons into the facility.

Booth Approval

All exhibitors with a custom booth 10'x20' (200 sq ft) and larger, who are planning to build out their space, are required to submit the following: a rendering of their build with all dimensions, technical plans to include elevations (indicating maximum height of the build) and all materials used (+flame retardant certificates) to [show management](#) for approval by **Friday, February 7, 2025**.

This is a mandatory requirement and plans not received before move-in will not be allowed to start construction until Show Management has assessed these documents. This may lead to delays in your booth being built and restrictions on elements of your booth that are not approved to be in accordance with the show rules & regulations.

Booth Height and Line of Sight

- 10'x20' inline booths have a maximum back wall height limitation of 8 feet high.
- Booths that are 400 sq feet (20'x20') or larger and have aisles on all four sides (island booths) are permitted to a max height restriction of 18 feet high, measuring from the floor to the top of the booth structure or hanging sign.
- If your booth does not meet these height requirements, you must submit a rendering of your booth, with dimensions to [show management](#) for approval by **Friday, February 7, 2025**.

- All booth displays and businesses must be conducted within your booth space and arranged in such a manner so as to not obstruct sight lines of neighboring exhibitors.
- Displays shall not block or obstruct the view of a neighboring exhibitor. If such protocol is not adhered to, HumanX has the right to remove the item in question unless pre-approved prior.

Code of Conduct

Please review [HumanX's Code of Conduct](#).

Dress Code

During move-in and move-out closed-toe shoes must be worn at all times in the exhibit hall and docks. No open-toed footwear, sandals or flip flops allowed.

During show hours exhibitor personnel must be dressed appropriately and confine their activities on behalf of the exhibitor to their space. The dress code is business casual.

If your company plans to bring in the services of any independent contractors other than T3 Expo, you must complete and submit the EAC form along with the EAC's Certificate of Insurance to orders@t3expo.com by **Friday, February 7, 2025**. To download the EAC form and view the EAC and COI requirements please refer to the exhibitor kit.

This is a mandatory security requirement to permit EACs access to your booth during move-in and move-out. EACs who arrive onsite and have not been registered will be required to provide this information including their Certificate of Insurance (COI) before they are permitted access. This may lead to delays in your booth being built or access refused if they cannot produce the documents required.

Exhibitor Booth Floor Covering

Exhibitors are responsible for providing or arranging their own carpeting/floor covering in the booth area, unless included in the Turnkey booth packages, Startup kiosks, or Pavilion kiosks.

Arrange in-bound freight/Material Handling

If you or any other vendor are shipping materials to your booth, be sure to choose **Advance** or **Direct Shipping**:

Advance Shipping:

- If you ship to the Advance Warehouse, your freight will be guaranteed to be in your booth for the first day of set up.
- Be sure to look at the Late to Warehouse date. Freight being received after the date will incur a surcharge.
- The Advance Warehouse is not able to accept loose unpackaged pieces. Shipping crates, fibers, cartons, hanging signs, carpet, padding and pallets are acceptable. Due to circumstances of timing or facility availability beyond the control of T3 Expo, this may result in an overtime surcharge: please refer to the Material Handling form.

Direct Shipping:

- If you ship direct to show site, note the dates that shipments can be received. Shipments arriving before these dates may be refused.
 - PLEASE NOTE: Any freight arriving on a Saturday, Sunday or before 8:00 am and after 4:30 pm Monday – Friday or observed local union holidays will incur an overtime surcharge.

 3. Fill out the Material Handling form in the Service Kit to estimate your costs and submit it with your payment.
 4. Label your freight correctly with your company name, booth number, event/HumanX 2025 and address listed in the Service Kit. Shipping label forms are provided in the Service Kit.

Order T3 installation & dismantle labor, and / or submit EAC forms with proof of insurance

- Venues have different union regulations; please review the Labor Guidelines page to determine if hiring labor to set-up / tear down your exhibit properties is needed.
- If using a firm other than the official service contractor, a Notification of Intent to Use EAC form and proof of insurance must be submitted at least (30) days prior to the first day of exhibitor move-in. Without these documents, your EAC will not be allowed to set any exhibits.

Material Handling

Choosing Your Carrier

Please carefully consider your carrier prior to booking your shipment(s) to and from the event. Various carriers are set up to operate on a certain schedule or with limited delivery procedures. Please be sure to review your carrier's policies. Some carriers will not deliver to a loading dock, some deliver without verification or signature of delivery. This may result in delays in delivery or additional fees.

POV (Privately Owned Vehicle): If you are delivering your materials to show site in your own vehicle, there may be Material Handling charges applied. Please refer to the Union Regulations in this kit and plan accordingly. T3 has jurisdiction over the loading dock based on these regulations.

Rate Classifications

Crated: Material that is skidded or in any type of shipping container that can be unloaded at the dock with no additional handling required.

Uncrated: Material that is shipped loose or pad-wrapped, and/or unskidded machinery without proper lifting bars or hooks. The Advance Warehouse is not able to accept loose/unpackaged pieces; shipping crates, fibers, cartons and pallets are acceptable.

Small Package: A shipment of any number of pieces with a combined weight of 1-50 lbs that is received on the same day, from the same shipper and delivered by the same carrier at the same time.

Additional Fees May be Applicable

Late to Warehouse Fee: Shipments arriving after Thursday, February 27, 2025 will be charged an additional 30%.

Off Target Fee: If your event has a targeted move in, you must schedule your delivery within your target time. If your freight is received Off Target, there will be an additional fee of 30% of your Material Handling costs for that shipment.

Shipments Returned to Warehouse: Shipments returned to the warehouse at close of the show will be charged an additional 30% per pound and must be picked up within 72 hours to avoid storage charges.

Overtime/Double Time

- Overtime is before 8:00 am and after 4:30 pm, Monday-Friday, and all day Saturday. Double Time is all day Sunday and observed Union holidays.
- Based upon the Material Handling rates quoted, a 30% surcharge per pound for each occurrence will apply if:
 - Shipments are received on overtime.
 - Your advance shipment to the warehouse is received during straight time hours, but due to scheduling beyond T3 Expo's control, is moved into show site on overtime.
 - Shipments are loaded out on overtime.

Outbound Shipping

- A Material Handling form **MUST** be filled out for any shipment leaving the Expo Hall. These forms can be picked up at the T3 Expo Service Desk. All accounts must be settled prior to requesting this form.
- Once you have filled out the Material Handling form and ALL of your booth materials are packed, labeled, and ready for shipping, please return the completed form to the T3 Expo Service Desk – **DO NOT LEAVE THIS FORM IN YOUR BOOTH SPACE.**

Carrier Check-in: All carriers must be checked in no later than Friday, March 14, 2025 by 10:00 am. If prior arrangements have not been made, the official show carrier will be on-site to coordinate or re-route shipments.

UPS or Federal Express: To use these carriers, you **MUST** have their shipping labels for each piece and schedule your pick up. Without these, your freight will **NOT** be picked up by either. If there is a Business Center on the property, it is recommended that you bring your items there.

PLEASE NOTE: There may be an additional fee from the facility for this service.

Cartload Service

To alleviate issues associated with exhibitors carrying small exhibit materials during move-in, T3 Expo is pleased to provide a Cartload Service. This service will be available during move-in and move-out.

Cartload Services are designed for use by privately owned vehicles (POVs). A POV is considered to be any vehicle that is primarily designed to transport passengers, not cargo or freight. Examples include cars, pickup trucks, passenger vans, taxis, limos, etc. Bobtails, box trucks or pickup trucks pulling small trailers are not considered POVs and Material Handling rates will apply. **No cartload can have a combined weight of more than 300 lbs.** Material Handling charges will apply to any loads greater than the limits listed above.

Special Freight Services – Small Passenger Vehicles Only!
Maximum Weight 300 lbs

- Each cartload will handle (8) pieces or less, weighing less than 300 lbs. total. Each exhibitor will be provided (1) laborer with (1) cart. Each exhibitor will be allowed a maximum of (2) trips from their vehicle to their booth for move-in and (2) return trips from their booth to their vehicle for move-out.
- T3 Expo personnel will direct all vehicles. The cart is not authorized to enter or go to any parking structure. There must be two (2) people with your vehicle; one (1) person to go with your product to the booth space and one (1) person to remove your vehicle from the unloading area to the parking area once Cartload Service is complete.
- The vehicles must be unload/loaded by full-time exhibitor personnel, by hand.
- Material handling charges and processes will apply to any loads greater than the limits listed above and/or any vehicles that are deemed by T3 Expo not to be a POV.

Hand-carry Information

- This service is for those who have small hand-carry items, all of which must fit on the cart.

To receive this service, watch for the Cartload Service signage

Las Vegas, NV Labor Guidelines

For Exhibits, Exhibitions, Displays and Trade Shows, Public & Private

To simplify show preparation, we are certain you will appreciate knowing in advance that labor will be required for certain aspects of your exhibit handling. To help you understand the show site work rules, we ask that you read the following:

Booth Labor

Union personnel has jurisdiction for the erection, dismantling, touch-up painting, and repairs to all exhibits, unless this work is performed by a full-time employee of the exhibiting company. If full-time company personnel are utilized to set an exhibit, they should carry positive company identification such as a business card, medical identification card or payroll stub. Union personnel may be hired through the General Contractor.

Freight

Union personnel are also responsible for freight handling, which includes loading and unloading of all trucks, handling of all machinery (unloading, uncrating, unskidding, leveling, etc., and the reverse process).

An exhibitor may "hand-carry" material provided they do not use material handling equipment to assist them. When exhibitors choose to "hand-carry" material, they may not be permitted access to the loading dock/freight door areas except if there are specifically designated areas.

Rigging

Union personnel handle programmable theatrical lighting, productions, related rigging and audio visual. Suspended trusses, with or without legs, that contain dimmable or programmable lighting, studio or motion picture lighting, sound system projectors, video walls, special effects equipment, and laser lighting are to be installed and removed by Union personnel.

Regarding hanging signs, please note that if it is not electrical (handled by the electricians), in Las Vegas, the General Contractor will assemble, supervise, install and remove all hanging signs.

Electrical

Electrical Unions do electrical work, hang signs that are lighted or rotating, and work on any part of the booth that includes electricity (back lit headers, light boxes, clip on lights, plasma screens, AV equipment, etc.). An exhibitor may plug-in their equipment into the one 20amp/120 VAC receptacle per booth and hang up to four small clip-on lights per booth. An electrician must be called for any increase in electrical service. Suspended light trusses for non-programmable lighting and ground supported truss intended to distribute overhead electrical equipment is also the work of the Electricians Union. Electricians are responsible for all under-carpet distribution of electrical, communication wiring (coaxial cable, fiber optics, telephone, etc.).

Safety

Standing on chairs, tables, or other rental furniture is prohibited. This furniture is not engineered to support your standing weight. T3 Expo cannot be responsible for injuries or falls caused by the improper use of this furniture. If assistance is required in assembling your booth, labor can be ordered through T3 Expo by returning the Display Labor order form in this Exhibitor Service Kit in advance, or returning it on show site to T3 Expo's Service Desk.

Tipping

T3 Expo requests that exhibitors do not tip our employees. They are paid at an excellent wage scale denoting a professional status and we feel that tipping is not necessary; this applies to all employees. Any request for tipping should be brought to the attention of a T3 Expo representative at the Service Desk.
